To Whom It May Concern:

Since 2003 the Town of Manalapan has worked with Engnuity Group, Inc. to perform various consulting engineering and surveying services on an as needed basis. Their services included plan review, meeting with other engineering consultants, road design, and NPDES permitting.

Engnuity Group's staff is consistently competent and cooperative. Their work is performed on schedule with great attention to detail. They display a professional attitude and provide a timely response to each request by the Town. They have been particularly valuable in their ability to work with the Town staff, residents, and elected officials, as well as with other governmental agencies. Based on the Town's experience, I highly recommend Engnuity Group to your organization without reservation.

Please feel free to contact me if you have any questions or require more information about our relationship with Engnuity Group, Inc.

Sincerely,

Linda Stumpf
Town Manager
