August 20, 2014

To Whom It May Concern:

Engenuity Group Inc. has been our fairground's engineer since 1998. During this time, Mr. Keith Jackson has been actively involved in all aspects of our civil, transportation, and surveying needs.

Over the past sixteen years, the South Florida Fair & Palm Beach County Expositions, Inc. has grown tremendously, adding an expanded exposition hall, an agricultural center (Agriplex), relocating Fairgrounds Road, midway master planning, VIP parking lots, many drainage projects directed at increased parking and various other projects associated with the many special events held throughout the year.

Mr. Jackson has worked diligently with our staff to accomplish our goals of successful event planning and coordinating safe vehicular and pedestrian movement both during the planning and construction phases.

I would highly recommend Engenuity Group Inc. for consideration for your project. Please feel free to call me if you have any questions.

Sincerely,

Richard J. Vymlatil  
President/CEO
